Other News:

- **Carpool confusion:** There has been some confusion with carpool the last few days. This is because of the school zone flashing lights on 300 East are not working right now. Draper City Police officers will be positioning their patrol cars with their lights flashing to slow traffic down at the light. Sometimes they tell us to use both lanes (yes, the fire lane) as you enter from 300 East for pick-up or drop off, and sometimes they don't. Therefore please be tolerant, open-minded and flexible until the lights are working again. The city is waiting for parts to make the repair.
